We typically show cats and kittens for adoption at 4 different stores, 7 days a week. We show additional ones on the weekends. Because we only allow cats or kittens to stay in the store 7 days, before being given a break from the store, we ask that a foster, agree to foster that cat or kitten until he/ she is adopted.

How long are you willing to foster, if the cat or kitten you foster is not adopted right away?

Are you willing to bring the cat or kitten to the stores on Sat to be shown, and if not adopted, pick them back up by Sunday afternoon and foster them during the week?
